Entrée

A delicious way to start the evening with your very own Oxford/Eyre Ward Advisory Board chef, Vic Allen, introducing you to all the appetising ideas for the evening. Your choice of a futuristic platter of thoughts. What do you want the Cust community to be like by the year 2020 and beyond?

Mains

Mouth watering and mind numbing – a creation of the very best of what's currently available. Start with a strong base of community strengths, add a dash of skills and garnish with some of the community's brightest assets. How can you make the best use of what Cust has?

Dessert

How often have you come away from a superb evening thinking that there was just something missing? – a splash of flair that would have made for a faultless future. Not tonight ... this is your opportunity to identify the gaps, to pinpoint the limitations, to make sure that no stone is left unturned in the search for an even better Cust.

Aperitif

Great ideas deserve nourishment. We'll feed you coffee and cake and give you the chance to network. And the ideas you've generated? These will be recorded throughout the evening and prepared for the next 'Action' Café.
